

Simplify your daily senior care operations - all in one place.

From admissions and communications to surveys and payments, Carefeed automates time-consuming manual tasks, centralizes operations, and keeps residents, families, and staff informed and connected.

One platform to simplify every step of the resident experience

A Admissions

Simplify onboarding with eSignatures, real-time tracking, and digital census management.

B Administrator

Enhance oversight and gain insights from families, residents and staff across all your communities.

C Social Services

Schedule care conferences easily and reduce risk with automated grievance tracking.

D Billing Office Manager

Make payments easy with AutoPay, credit, debit, and ACH options, seamlessly synced to your EHR.

E Human Resources

Ease staff communications and training with a centralized hub integrated with your HRIS.

F Director of Nursing

Manage secure messaging, care conferences, and resident data - all in one place.

G Activities

Boost attendance and engagement with built-in calendars and RSVP tools.

H Marketing & Communications

Improve engagement and showcase the best of your community with a senior-friendly family portal.
